Moving You Forward...

Pursue your Masters in Education (M.Ed.) in Interdisciplinary Studies in Curriculum and Instruction/Technology Focus

Information Sessions Monday, February 4th

At

The Lincoln Center Boardroom

1201 N. Sheridan Rd.

Waukegan, Illinois

3:45-4:30 and 4:45-5:30

The Master of Education in Interdisciplinary Studies in Curriculum and Instruction/Technology Focused Program has been designed to meet the professional development needs of teachers K through 12. Teachers will examine the role of technology throughout the Interdisciplinary Studies in Curriculum and Instruction program by exploring the relationship of technology to curriculum and instruction, educational foundations, group dynamics, diversity, human development and teacher as researcher. Through inquiry and reflection, teachers will develop ways of incorporating technology within their classrooms in student-centered ways.

- Meet once a week with your group of 16-22 teachers
- Complete your degree in 20-22 months
- Attend class in a convenient location
- **Field-Based tuition rates!**
